# ChromeOS Jump Start

Overview of professional service offering

# ChromeOS Jump Start

ChromeOS Jump Start is a professional service offering designed to help you prepare to successfully mass deploy ChromeOS Enterprise or Education for the first time to your organization.

01. A ChromeOS Jump Start includes a task list of required activities to setup and configure your new Google Admin console
02. Ensure all technical aspects of a ChromeOS Enterprise or Education Pilot are ready and tested for your specific use case, before mass deployment
03. Jump Starts are guided Pilots performed by partner-badged certified professionals

# ChromeOS Jump Start

## Standardized list of deployment activities

This list of activities covers all of the technical tasks you need to accomplish to get up and running on ChromeOS:

- Setup of the Google Admin Console and enrollment of devices
- Integration & Configuration of identities to be used with devices
- Establish and enforce security policies for the your environment
- Application deployment and configuration to meet business requirements
- Prepare for mass deployment and identify if any additional services are needed

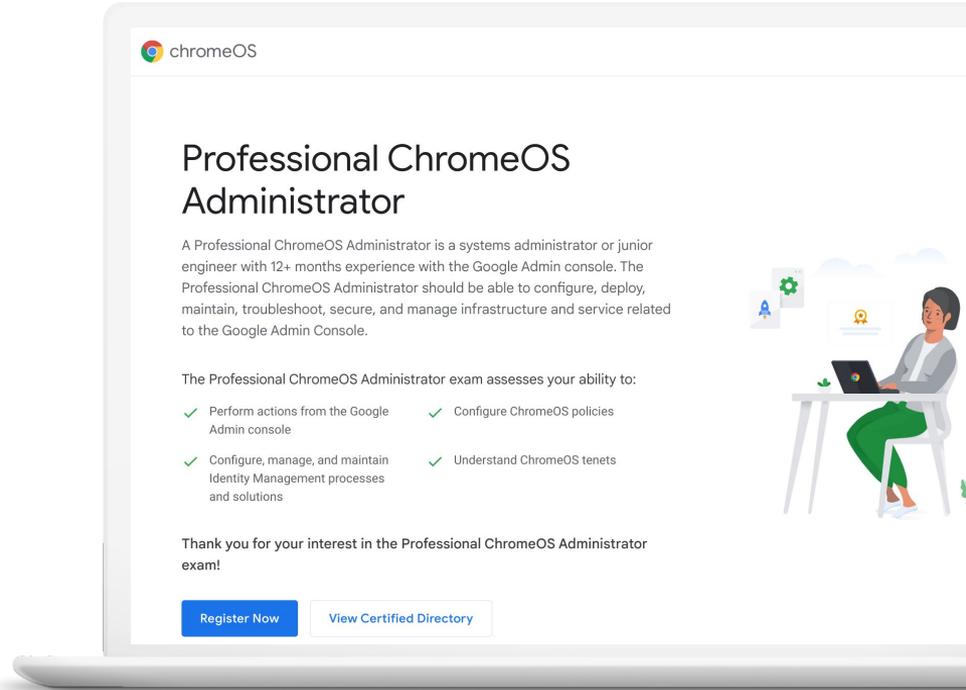

# ChromeOS Admin Certification

Overview of professional certification exam

# What is the Professional ChromeOS Administrator exam?

- The Professional ChromeOS Administrator exam is a **120 minutes multiple choice exam** taken online or at a testing center, which assesses your ability to:
  - Perform actions from the Google Admin console
  - Configure ChromeOS policies
  - Configure, manage, and maintain Identity Management processes and solutions
  - Understand ChromeOS tenets
- The exam is available in **English** and **Japanese**
- Use the **exam guide** to help **prepare** for the exam:  
<https://chromeoscertification.com/guides/chromeos-administrator>

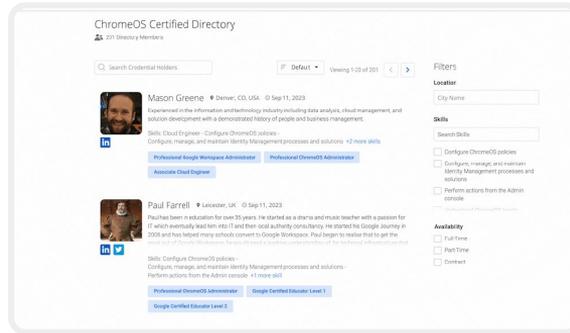

# 3 reasons to take the Professional ChromeOS Administrator exam

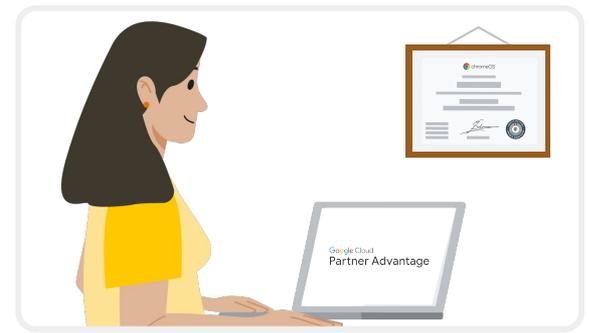

## No exam fee

Until January 2025, the certification exam **fee** (\$125) is **waived**
