QREW

What is gPanel®?

gPanel® by Promevo is an exclusive Google Workspace management and reporting solution.
The intuitive centralized user management and security interface delivers peace of mind with a robust suite of features.

promevo™

gPanel ®
by promevo

Benefits for Our Clients

- Provides our customers time savings through Advanced User Administration and Admin Delegation, Automated Onboarding/Decommissioning Workflows
- Enhanced visibility through Unique Customizable Reporting
- Drives consistency in branding
- Operational efficiency gains through additional role delegation (Google Workspace Admins, Security Analysts, HR, Learning & Development, Marketing, First-line Managers)
- Superior Domain Security for their organization through granular security controls

What Our Customers are Saying

I can get in, and get out quickly and know exactly where all the controls are. ""

Its presentation of data across Google Workspace is better than native tooling. There are various tasks where it is just faster to get answers via gPanel.

It makes managing individual user data easier. Especially info that requires you to log in as the user like vacation and autoresponders.

What's New?

Indexing for User Updates & User Undeletes
- Near real-time push notifications now available user updates and undeletes
- https://promevo.com/gpanel-release-notes/february-20-2024

There will be new features coming soon so stay tuned for our future Office Hour webinars!
