Partnering to Drive Innovation

gPanel<sup>®</sup> Software Makes Our Clients' Worklife Better

## What is gPanel<sup>®</sup>?

gPanel<sup>®</sup> by Promevo is an exclusive Google Workspace management and reporting solution.

The intuitive centralized user management and security interface delivers peace of mind with a robust suite of features.

# Benefits for Our Clients

- Provides our customers time savings through Advanced User Administration and Admin Delegation, Automated Onboarding/Decommissioning Workflows
- Enhanced visibility through Unique Customizable Reporting
- Drives consistency in branding
- Operational efficiency gains through additional role delegation (Google Workspace Admins, Security Analysts, HR, Learning & Development, Marketing, First-line Managers)
- Superior Domain Security for their organization through granular security controls

## What Our Customers are Saying

*Its presentation of data across Google Workspace is better than native tooling. There are various tasks where it is just faster to get answers via gPanel.*

*I can get in, and get out quickly and know exactly where all the controls are.*

*It makes managing individual user data easier. Especially info that requires you to log in as the user like vacation and autoresponders.*

# Key Takeaways

- Automate onboarding workflows
- Use user management dashboard to save time
- Generate custom decommissioning rules
- Generate, run, and schedule over 70 reports
- Modify Gmail signatures for anyone in your organization

# Reports

- gPanel allows administrators to select users based on individual users, organizations, groups, domains, gPanel roles, and login activity.
- Administrators can schedule or manually run reports for documents, groups, account activity and much more.
